

5. SKAL ALPEN GOLF CHALLENGE 2023

Dear Skalleagues

Originally planned in the Lake Constance area, this years edition of the Skal Alpen Golf Challenge will now take place in beautiful Engadine. First played in Switzerland 2019, this golf challenge visited the main alpine countries Italy (2020), Germany (2021) and Austria (2022). Now, the circle starts its second round and returns to his birth place. We look forward to a small but always joyful meeting amongst Skalleagues, their partners and friends, paired with the sporting aspect of a sociable golf tournament.

We hope to reach our number one goal and welcome guests from all alpine countries. Of course every Skal member is welcome, no matter where he/she comes from.

For questions and further information, please do not hesitate to contact me. My details are on the registration form.
